Members of the Authority

Gentlemen:

In July of 1966 in conjunction with Judge Sherwood J. Tarlow and others, I acquired ownership interest in Radio Station WDEW of Westfield, Mass. To facilitate the operation of this venture a corporate entity entitled Radio Westfield, Inc. was established. I have served as Vice President of that Corporation since its creation.

On July 12, 1969, Mayor White designated me as his choice to become Director of the B.R.A. Subsequent to that nomination, I was approved by the members of the Authority.

It has come to my attention recently that Judge Tarlow and others have applied to develop the urban renewal property known as 30 Hawkins Street. Mr. Hale Champion has advised me that acting in his capacity as current Director of the B.R.A., he intends to recommend that the Tarlow group's proposal be accepted by the Authority. Therefore, in order to avoid any misunderstanding of my relationship to this proposal, of which I knew nothing prior to my relationship with the B.R.A., and to avoid any question of conflict of interest, I have, as of August 26, 1969, divested myself of all stock and interest in the corporation known as Radio Westfield, Inc.

Very truly yours,

  
John D. Warner
